ABOUT SFEA

The Southeast Festivals & Events Association (SFEA) is a 501 (c) 6 membership-based organization. Composed of festival and event planners, venues, and industry service providers, SFEA was founded in 2009 to strengthen the festival and event industry throughout the Southeast United States by hosting educational sessions, networking opportunities, award recognition, and additional events throughout the year, thus allowing for continued professional growth within the industry.

SFEA CONFERENCE

Come join us in Chattanooga, TN, for All Aboard! - 2+ days of education, networking, and idea sharing, with a healthy dose of music, fun, and memories thrown in!

We expect 125-150 attendees from 157 member organizations across 10 states. We have educational offerings for all experience levels in our industry, so we bring in those who are brand new and old pros.

And all of them need event services!

What previous sponsors say:

“Our experience as a sponsor of previous SFEA conferences has always been an amazing experience. Not only do we gain new clients each year but have established long lasting relationships with others within the special event industry.”

- B. Riggins, Magnolia LED Displays

“We greatly value our sponsorship, as it has proven to be a powerful avenue for connecting with key clients and showcasing our commitment to their success. It's a win-win partnership that continues to drive positive results for our business.”

- C. Fox, Classic Tents and Events
